

## Manual wall screens

### A range of pull down projection screens

Popular entry level range of manual pull down screens with spring roller and blocking mechanism. Good quality matte white woven cloth. Easy to mount to wall or ceiling through end cap mounting brackets. Square (1:1) projection format. Optional extension brackets for OHP use or for clearing obstructions. Pull rod is also available for use with high mounted screens. Models available with and without borders.

#### Borderless

Plain matte white surface. Entry level budget screen.

#### With borders

Matte white projection surface with black borders to all 4 sides that enhances the projected image providing a professional presentation.
